Sudarshan Chakra indicates the cumulative influence of benefic and malefic planets as reckoned from : (i) the Ascendant, (ii) the Moon and (iii) the Sun at a glance. This also pinpoints the corresponding age-periods during which those influences will operate.

If the influences are of natural benefic planets (Jupiter, Venus, Mercury, Waxing Moon) only, then the whole year will be enjoyable and auspicious events will take place.

If the influences are of natural malefic planets (Mars, Saturn, Rahu, Ketu, Sun, Waning Moon) only, then the year might be problematic and inauspicious happenings are likely to take place.

General Predictions Related to Native

General Characteristics :

Your Ascendant falls in sign Virgo. This sign has been classified as an earthy, common or flexed sign. Certain other natural qualitative characteristics have also been attributed to it: this sign is sterile and human by nature.

For being born in this Ascendant, you will be endowed with an ingenious, studious, and witty nature. Always very systematic and methodical in your approach, you will be a very learned person - always be in search of knowledge for the purpose of attaining perfection. You will be inclined to continuing informal studies or conducting research; the occult and the allied subjects might also be of interest to you. You will be a reservoir of patience and perseverance.

You will have much of interest in art and literature. In all your affairs in general, you will habitually be critical and precise; yet you will be soft-spoken, well mannered, benevolent, and judicious by nature. You will firmly believe in simple living and high thinking, and manage your monetary affairs very prudently. You might be an avid collector of curious things - which may have appealed to your fancy during sometime of your life; but you may have a queer habit of not to part with anything you have ever collected.

Physical Appearance :

Your complexion may be fair. You are likely to have a middle stature, and a well-made slender physical structure with a round face. Your eyes will be beautiful. Your voice might be somewhat high-pitched. At times, you may appear to be somewhat fickle-minded; and as age passes by, you may tend to acquire a melancholic disposition.

Mental Characteristics :

In your chart, the Moon is situated in sign Taurus - which is ruled by Venus. It is a fixed, negative, and earthy sign. You are likely to have a quiet, steady, persistent and a determined nature. You will be cautious, a bit slow, free from impulses, and on the whole, a person of serious type. Characteristically, you will be very conservative, follow the established customs and conventions; resorting to major changes will appear quite repulsive to you, and you would be in the habit of resisting external influences that seek frequent amendments. You would be taking decisions only after carefully judging the pros and cons, and once you have decided upon, you will firmly stick to those.

You are likely to be engaged in doing the kind of jobs - which involve responsibility and may even require sub-ordination, and where much care or labor is required. Professions which involve much of outdoor work, lot of traveling for meeting with new people, speculative investments, taking big risks or spot decisions, highly technical jobs - which require fast thinking ability, etc may not be at all appealing to you; it may also not be suitable for you either. But owing to your praiseworthy qualities like patience, perseverance, honesty, sincerity, loyalty, etc you will enjoy favors and receive benefits from your superiors and authorities. You may not be able to secure many promotions in quick succession; your rank might be modest, but your remuneration will be very good. In the long run, you will rise to a fairly high and respectable position.

Recommendation for Suitable Rudraksha

As you had been born in Poornima Tithi, 5-faced Rudraksha will be suitable for you. (As 15-faced Rudraksha is not worn).

The presiding deity of this Rudraksha is Sadashiva. To the wearer, it represents the Pancha Tatwa (or the five elements), and confers health, peace, prosperity, and happiness.

While wearing the Rudraksha, you should chant any of the following Mantras :
Mantra For Rudraksha :

'Om Hrim Namah.'

Panchakshari Mantra For Rudraksha :

'Om Hrim Aam Kshamyoun Sah.'

Alternate recommendation for Rudraksha :

Since your Moon's nakshatra-lord is Moon, 2-faced Rudraksha will also be suitable for you.

Some Tests for checking the genuineness of the Rudrakshas:

(a) Floatation test: When a genuine Rudraksha seed is gently placed on water, it will sink; but if a fake one is placed on water, it will always float.

(b) Copper Test: A genuine Rudraksha* is very hot, and has electromagnetic attraction with Copper. If beads are held with a string over a small round thin piece of Copper metal sheet (like a piece of Copper coin of old days), they tend to show a slow gradual rotational movement. If the rotation is observed to be in clockwise direction, then it is considered auspicious; otherwise, it is to be rejected – as it might be defective.

(* N.B.: Bhadraksha is similar to the Rudraksha - but it is of milder color and much less heat. It is suitable for old people and also for persons having weak constitution.)

(c) Milk test: If an authentic Rudraksha seed is kept in a cup of milk for a day, the milk will not get spoiled. But if it is a fake one, the milk is to become spoiled.

N.B.: Since a genuine Rudraksha is hot, if you are an aged person or physically have a weak constitution, then instead of Rudraksha, you should better wear a Bhadraksha.

Bhadraksha is like the Rudraksha, but of milder color and much less heat. It confers divine blessings of Gouri-Shankara. It is excellent for good health and smooth-running comfortable life with family and friends.

Mantra for Bhadraksha: 'Om Gouri-Shankaraya Namah.'

Subha Mantra for Bhadraksha:

'Sarva Mangala Mangalye Shive Sarvartha Sadhike,
Saranye Trymbake Gouri Narayani Namaustute.'

If you are looking for an employment, you may have an opportunity to join a big company in private sector. If you have been employed already, then in your sphere of profession, you will have good progress and have increase of earnings.

At present you are running the period of Yogini Jupiter Dasha. As Jupiter is situated in the 7th house in your horoscope, you will be fortunate in certain respects. You will be an active person. You are a well educated and learned person, and will surely attain a high position in life. You will either be a person of rank or will efficiently run a business venture of your own. All your endeavors will meet with success, and you will be held in high esteem in the society. Your spouse will be beautiful and dutiful as well. Your children will be worthy, and with their accomplishments will make you proud and happy. During this period, you will have remarkable advancement, and will move up the social ladder at ease.

As the 'yoga-sphuta' (profection point) is involved in favorable aspects with two different natural benefic planets, the Yogini Jupiter's Dasha will be a very enjoyable period for you. You will have good progress during this period, and there might be an auspicious celebration in your family.

As the 'yoga-sphuta' (profection point) is involved in favorable aspect with a natural benefic planet, and is also involved in unfavorable aspect with a natural malefic planet, you will experience mixed results (favorable and otherwise both) (favorable and otherwise both) during Yogini Jupiter's Dasha. If your profession involves some connection with the common public, at times you may feel irritated; but the things will neither turn to be too bad nor last for too long - as a natural benefic planet also influences it.

Bhramari[Mars>(*PurvaBhadra) Dasha
(29:05:2062 To 29:05:2066)

As Mars is the 8th-lord in your horoscope and is situated in the 9th house, you are likely to face many problems during this Yogini Dasha-period. If you are in business, then you may incur some losses or suffer badly due to blockage of funds; this will be more so if you are engaged in foreign trade. You may have some long journeys - but those are less likely to bear much of fruit; alternately, you may meet with some misfortune in a faraway place. The health of your father may become very delicate, and this might keep in an anxious state.

Bhadrika[Mercury>(*UtraBhadra) Dasha
(29:05:2066 To 29:05:2071)

As Mercury is situated in the 4th house, you will do very well in academic and intellectual pursuits. If your profession has some connection with educational institutions, libraries, bookselling, running training or coaching centers, etc streams, then you can confidently look forward to attaining great prosperity during this Dasha-period.

Ulka[Saturn>(*Revathi) Dasha
(29:05:2071 To 29:05:2077)

As Saturn is situated in the 11th house in your horoscope, you will have a fruitful period

ahead - in full bloom with varied possibilities. Some of your cherished desires will be fulfilled and ambitions realized during this particular Dasha-period. If you want to diversify to another prospective field or wish to set up a new business venture or an industry of your own, then the time is propitious for you. Your earnings will receive a big boost, and you will be able to amass a good deal of it. Your material possessions will increase, and your standard of living will be considerably improved for the better.

As the Dasha-lord Saturn's Profecion Nakshatra lord is conjoined with a planet - which is the 10th-lord in your horoscope, if you are in service, you are likely to secure a new employment or promotion. If you are in business, then you will have very good progress. Your credibility and honor will considerably increase, and your name and fame will also be widespread.

As the 'yoga-sphuta' (profecion point) is involved in unfavorable 'square' aspect with a natural malefic planet and the aspect is a close one, the Yogini Saturn Dasha might be a quite problematic period for you, and you may have strife and quarrels. There could be some disturbing developments in your house/ home - which might keep you in worried state. You should remain cautious and avoid having any problem with your land-lord or tenant, and steer clear from the possibilities of getting entangled into a property dispute with anybody during the 3rd month ending and 4th month starting - beginning from the onset of the Dasha-period.

Important Predictions from Varshphala

(Ashtak Chakra, Dhundhiraja Padhati, Varsheshwar and Muntha)

Since the Purva-Bhaga has a remainder while the Uttara-Bhaga does not, you are likely to have a trying period ahead -- more so during the second half of the year. If modifying influence is not present in your chart, then you are likely to face inconveniences owing to blockage of funds or for incurring losses.

Since both the Purva-Bhaga and Uttara-Bhaga for the next year have no remainders, you are likely to have a very disturbing period ahead. You should remain careful and cautious in all your affairs in general, avoid disputes and quarrels altogether, and take due care of your health. You are advised to stay away from romance and speculative investment -- since these are the potential sources, which may bring in grave disappointments.

Your age-period around 42 y.4 m.17 d. could prove to be extremely problematic. You should therefore remain on the alert and avoid taking chances during the period around 06:05:2018 (+/- 1 month), as everything around you may seem to go haywire for no apparent reason. The chance of facing an accidental mishap, or suffering owing to some untoward happening, may also hang on.

In your chart, for the current year, the Ashtaka-Chakra Index Planet is Mars. This planet happens to be the 7th-lord, which is aspecting the 7th from the Moon-sign. If relevant for the age-period you are running, then during the year you may look forward to getting married, or starting a new venture of your own (probably by forming a partnership/ collaboration).

In your this year's Varsha-phala chart, the planet Moon becomes the Varsheshwara.

In your Varsha-phala chart of this year, the Varsheshwara happens to be a natural malefic planet. It is neither situated in exaltation or in own-sign. Besides, it is not having very good strength as per Pancha-vargeeya Bala. As a result of these, the goings-on during the year may not be very smooth. If some strong modifying influences are not present in your Varsha-phala chart, then you may suddenly face some untoward development, or experience wide fluctuations in your financial affairs.

In your Varsha-phala chart of this year, the Varsheshwara happens to be Moon. It will make you fortunate in respect of all your affairs in general. You will become exceedingly popular and make friends with people of rank and authority. You will prosper in your sphere of profession, your earnings and accumulated wealth will increase, and you will have some new acquisitions. Your domestic life will be peaceful and happy; there might be an addition to your family by marriage or childbirth. You will be attracted more to your home; yet, you may proceed for a long journey for pleasure and profit sometime during the year.

In your Varsha-phala chart of this year, Muntha falls in the 9th-house. This is a highly favorable position, and you will be fortunate in many respects. You will receive direct favors from your superiors, and may gain indirect benefits from government sources. This position is said to confer responsibility; as such, you can look forward to being elevated to a prestigious position. You will remain in good health, high spirits, and joyous mood. Your religious inclination will become profound, and you may undertake a pilgrimage. Your learning and wisdom will increase, and you will remain engaged in doing some philanthropic- and humanitarian- deeds.

In your Varsha-phala chart of this year, Muntha-sign falls in Cancer - the sign of Moon. Both the sign and its lord are afflicted owing to association- or aspect- of malefic planets. The year ahead is likely to be quite problematic for you. You may not remain in good health

and your domestic life may not be at all happy. You may face a temporary setback in profession, or may become aggrieved owing to certain reasons. Married ladies may become unfavorably disposed to you; they might misbehave with you, or use harsh, hard, or even insulting words. You may lose popularity, and your credibility and honor might also be waning.

In your Varsha-phala chart of this year, Muntha-sign falls in the sign of Jupiter. The year ahead is favorable for you. All your endeavors will derive fruits in abundance. You will receive direct favors from your superiors, and indirect benefits from the authorities. You will have good progress in profession, and come in contact with some learned and pious persons. Your religious inclination will become profound, and you may visit holy places. You may become very fond of children, and they might become a source of joy to you.

In your Varsha-phala chart of this year, the lord of Muntha-sign falls in the 4th-house from the Varsha-Ascendant, but the planet is in exaltation or in own-sign or in own-nakshatra. Although this is still not a very favorable combination, some guarding influences are also found to be operating. During the year, you may suffer from minor illness, and have to meet with wasteful expenditure. In the sphere of profession, you may have a change or transfer to an inconvenient place; alternately, your value and importance might start gradually receding for some queer reason.

Applicable Tajika Yogas in Varshphala

In your Varshaphala chart for this year, a planet (which is not the Ascendant-lord) is involved in close aspect with another planet; between the two, the latter is slower, and the former planet is 'applying' to it - i.e., the aspect is tending to be exact. This is a highly favorable combination; it is termed as Ithashala Yoga in Tajaka-system. It indicates complete fulfillment of desires and realization of the object in view. But as the Ascendant-lord is not involved in the combination, the accrued beneficial results may not be very substantial or significant; alternately, 'indirect' type of results might be obtained. The nature of event - which would materialize during the year is to be gleaned from the lordship/s and natural significations of the two planets involved in the combination; and the timing of event may coincide with the Patyayini Dasha-period of either of the two planets.

In your Varshaphala chart for this year, the Ascendant-lord is retrograde (or combust), and it has entered into Ithashala yoga with a planet (who is also similarly disposed). This is an unfavorable configuration, termed as Radda Yoga in Tajaka-system. Although normally Ithashala yoga is considered to be highly favorable and is indicative of success in endeavors, the undesirable postures of the planets involved have turned it to be rather unfavorable. It is indicative of possible disappointment and frustration, as things might go wrong owing to some sudden and unexpected developments. You should therefore remain very careful, cautious, and on the alert; you should also avoid any kind of short-cut measures for fulfilling your objectives - As such things can turn the table against you.

Yoga from Sarvashtakavarga

Veena Yoga : Since the first zone (from Ascendant to 4th house-signs) contain the largest number of benefic dots in Sarvashtakavarga, Veena Yoga is present in your chart. You are likely to enjoy maximum happiness during the first part (till about 24 years). Unless modifying influences are not present in your chart, your fortune may start gradually declining in later years.

Checking for Kuja-Dosha (Manglik Blemish)

In the boy's chart, Mars is situated in the Moon-sign. As per North-Indian* system, this constitutes Kuja-Dosha (or Mangalik blemish); we shall check in following whether any condition for the cancellation of this blemish is also present in the chart. However, as per South-Indian* system, Mars placed in the Moon-sign does not constitute Kuja-Dosha (or Mangalik blemish).

In the girl's chart, Mars is situated in the 8th-sign from the Moon-sign. This constitutes Kuja-Dosha (or Mangalik blemish); we shall check in following whether any condition for the cancellation of this blemish is also present in the chart.

In the boy's chart, Mars is situated in the 8th-sign from the sign occupied by Venus. This constitutes Kuja-Dosha (or Mangalik blemish); we shall check in following whether any condition for the cancellation of this blemish is also present in the chart.

Cancellation for Kuja-Dosha (Manglik Blemish)

In the chart of the boy, Mars and Moon are conjoined together in the same sign. It is an exceptional case, where it is not even necessary to check for the apparent presence of Kuja-Dosha. The boy is free from Martian blemish -- he is not a 'Mangalee'.

In the chart of the girl, Mars is situated in a 'chara' (movable) sign. Some people opine that it is an exceptional case, where it is not even necessary to check for the apparent presence of Kuja-Dosha. The girl is free from Martian blemish -- she is not a 'Mangalee'. (However, this opinion does not enjoy the support of majority.)

In the chart of the boy and also in the chart of the girl, the Kuja-Dosha (or Mangalik-blemish) is apparently found to be present (as per North-Indian method). But, in each case, owing to presence of certain conditions, the blemish gets cancelled. So, the boy and the girl both are technically not mangalees. As such, on this ground, no objection could be raised. If other factors are found to be in favour, the boy and the girl can get married.

Checking for Birth in 4 'Harmful Nakshatra-Charans

Out of 27 Nakshatras, only 4 Nakshatras (Ashlesha, Vishakha, Jyeshtha, and Moola) has been branded as 'destructive' - as every one of these Nakshatras is supposed to exert some unfavorable influences, and affect the health and wellbeing of a certain relative of the marriage-partner. Such effect is more feared if the Girl's Moon is situated in any of these 4 Nakshatras; if the Boy's Moon is situated in any of these 4 Nakshatras, then also similar effect is attributed. However, it should be noted that adverse results are attributed to only one particular 'charan' (quarter) of every one of these 4 Nakshatras - and not to the remaining 3 charans (quarters). The 1st quarter of Ashlesha, the 1st quarter of Jyeshtha, the 1st quarter of Moola, and the 4th quarter of Vishakha are believed to be harmful - whereas the remaining 3 quarters of every one of these 4 nakshatras are not harmful (at least in this respect).

Vihaga, Tatwa, Vadha-Vainashika & Sama-Gotra Dosha

As per Vihaga-classification of the Moon's nakshatra, the Boy belongs to the category of Karanda; the Moon's nakshatra of the Girl does not belong to the same category - as it belongs to the category of Bherund. This is not a favorable combination - as it has been said that the couple belonging to different Vihaga-categories will have differences in respect of their likes/ dislikes, aspirations, etc. As such, the agreement on this count is not present in the charts of this 'pair'. ... (This agreement has been mentioned as Vihaga-Anukoolya in ancient classic 'Jatakadesh Marga' of Somayaji).

As per Tatwa-classification of the Moon's nakshatra, the Boy belongs to the category of Prithwi; the Moon's nakshatra of the Girl belongs to the category of Jala. This is a favorable combination - as it has been said that the couple belonging to the mutually compatible Tatwa-categories will have considerable similarities in respect of their intrinsic nature. As such, the agreement on this count is present in the charts of this 'pair'.

While comparing the positions of Moon in the horoscopes of the Boy and Girl, it is found that neither the Girl's Nakshatra (of Moon) is the 22nd Nakshatra as counted from the Boy's Nakshatra of Moon, nor the Boy's Nakshatra (of Moon) is the 22nd Nakshatra as counted from the Girl's Nakshatra of Moon. As such the unfavorable combination of 'Vadha-Vainashika' Dosha does not exist between the two charts. So, no objection could be raised on this count if this pair is matched together.

While comparing the two charts, it is seen that - as per 28 Nakshatra-system (including Abhijit) - the Boy's Nakshatra (of Moon) falls in the category of Mareechi Nakshatra-Gotra. The Girl's Nakshatra-Gotra also falls in the same category. As both of these are found to belong to the very same category, it is believed to be inauspicious. This match should preferably be avoided - otherwise, it appears possible that the intellectual level and the spiritual inclination of the offspring may not be of a high order.

The 4 Nakshatras - Mrigashira (# 5), Magha (# 10), Swati (# 15), and Anuradha (# 17) - enjoy the status of special (great) constellations. If the Nakshatra of Moon of either the Boy or the Girl coincides with any of these Nakshatras, then the match could be declared as passable - even if the Total Score of Koota-Agreement is found to be less than optimum. This is as per Kala Vidhana - a treatise on Muhurtha (or Electional Astrology).

While comparing the two charts, it is observed the none of the Nakshatras of Moon in the two charts (of the Boy, and also of the Girl) coincide with any of the 4 special constellations (Maha-Nakshatras) - which are Mrigashira, Magha, Swati, and Anuradha. As such, the question of any special consideration on this count does not arise in this particular case.

Checking for Marriage-Compatibility- As par Ashta Koota Agreement

Checking for the presence of Varna-Koota Agreement -

The boy belongs to Vaishya Varna, and the girl belongs to the Shudra Varna. Since the boy's Varna belongs to the higher group, it is favourable and marriage-compatibility on this count is present. On this count, contribution to the Koota-agreement score will be = 1 point (Out of 1).

Checking for the presence of Vashya-Koota Agreement -

The boy's Vashya belongs to the Chatushpada group, while the girl's Vashya belongs to the Dwipada group. This is not very favourable. As such, marriage-compatibility on this count is only nominally present. On this count, contribution to the Koota-agreement score will be = 0'5 point (Out of 2).

Checking for the presence of Tara-Koota Agreement -

By counting nakshatras from the girl's janma-nakshatra to the boy's janma-nakshatra, we obtain the figure 26; upon dividing by 9, it yields a remainder 8, which is favourable. By counting nakshatras from the boy's janma-nakshatra to the girl's janma-nakshatra, we obtain the figure 3; upon dividing by 9, it yields a remainder 3, which is also favourable. As such, marriage-compatibility on account of Dina-Koota is present in the chart. On this count, contribution to the Koota-agreement score will be = 3 points (Out of 3).

Checking for the presence of Yoni-Koota Agreement -

The boy's nakshatra falls in the category of Serpent(M), while the girl's nakshatra falls in the category of Dog(F). As per Yoni-koota agreement, for this combination, a contributory score of 2 is obtained on this account.

Checking for the presence of Graha-Maitri Koota Agreement -

The boy's janma-rashi adhipati is Venus and the girl's janma-rashi adhipati is Mercury. These two adhipati planets are mutually friendly (mitra) as per naisargika relationship. This is a highly favourable combination, as this particular koota indicates the psychological dispositions of the couple; the mental qualities of the pair will be very harmonious, and they will have mutual respect/ affection for each other -- which is a vital factor for happiness in married life. On this account, the contribution to the Koota-agreement score will be = 5 (Out of 5).

Checking for the presence of Gana-Koota Agreement -

The boy's nakshatra falls in the Nara-gana group, while the girl's nakshatra also falls in the very same group. This is a highly favourable combination, as gana signifies the individual's temperament and inclinations. Both the members of the prospective couple will possess much of similarities in their natures and instincts; they will understand each other well and adjust accordingly. On this count, the contribution to the Koota-agreement score will be = 6 (Out of 6).

Checking for the presence of Rashi-Koota Agreement -

The boy's janma-rashi is Taurus, while the girl's janma-rashi is Gemini. These two rashis are mutually in unfavourable dwirdwadasha (2-12) relationship with each other -- which is indicative of wasteful expenditures and losses bringing in unhappiness in married life. As such, on this account, the Koota-agreement contribution score is = 0 ; but since the same planet (Saturn) becomes the lord of the janma-rashi in both of these two charts, if other things are favourable, then marriage might be recommended.

Checking for the presence of Nadi-Koota Agreement -

The boy's Nadi falls in Antha(Shleshma) category, while the girl's Nadi falls in category Adi(Vata). As the Nadis of the boy and the girl does not belong to the same category, the indications are favourable. Marriage between the two parties can be recommended -- provided the total of Koota-agreement score does not become less than 18 points. The contributory score on this account is = 8.
