The combination of the Sun and Mercury will provide favorable results to you. The benefits of these results will be with you till the age of 39. Sun will give you more benefits in comparison to Mercury, which would usually not be unfavorable. Mercury is generally weaker in this combination. Articles related to Mercury help the Sun. If you believe in yourself and take the right step forward, then you will earn success and profits. Your luck will shine during your young age. You will surge ahead without any help. Your spouse will be a firm minded person. She might have a scar on her face. You will be disease-free and will keep good health. You will not have any malefic effects of Rahu.

In your Kundali, the Sun and Rahu are situated together in the 3rd house. According to Lal Kitab, this is a very unfavorable combination. When you will turn 42, Rahu will give sufferings to your child. You might have to face monetary losses. You might have to face difficulties in government matters. Even if you perform remedies to mitigate the unfavorable effects, only after Rahu completes its full tenure, Sun will have its effects on you. Sun's effects would be favorable for you. By receiving the unfavorable effects, your thoughts might get corrupted and full of jealousy. There might be a theft in your house or you might face monetary losses, because of which your condition might deteriorate. In this situation, you should tie some grains of barley in a cloth and bury them under a heavy object in a dark corner of your house. In inauspicious situation, your sister's husband might suffer from a death-equivalent pain or she might go through a divorce or she might leave her house on her own. You might face obstacles in life. Remedy - if there is a kitchen towards the upper western part of your house, then you should move it elsewhere before the marriage of your sister or daughter. Bury things related to the Moon under the ground in the cremation grounds. Bring water from the cremation grounds and place it in your house. Keep 100 earthen balls, everyday, at a religious place, for a continuous 100 days. Do not let this experiment get disrupted. If you have to go to some other place, then you should continue this experiment there

too.
