Conjoined Planets result from Lal-Kitab
(All Predictions are based on K. P. Cusp Kundali)

In your Kundali, the Sun and Rahu are situated together in the 3rd house. According to Lal Kitab, this is a very unfavorable combination. When you will turn 42, Rahu will give sufferings to your child. You might have to face monetary losses. You might have to face difficulties in government matters. Even if you perform remedies to mitigate the unfavorable effects, only after Rahu completes its full tenure, Sun will have its effects on you. Sun's effects would be favorable for you. By receiving the unfavorable effects, your thoughts might get corrupted and full of jealousy. There might be a theft in your house or you might face monetary losses, because of which your condition might deteriorate. In this situation, you should tie some grains of barley in a cloth and bury them under a heavy object in a dark corner of your house. If you are ill or you suffer from fever, then you should wash some barley seeds in the urine of the cow and float them in flowing water. Float articles related to Rahu like almonds, coconut etc. in water. You should float a copper coin, which has been heated until it turns red in fire the previous night, in flowing water early in the morning. Immediately after you float the coin, you should not go in front of your son and your close relatives or else they might get unfavorable effects of Sun and Rahu.

In your Kundali, Jupiter and Venus are situated together in the 4th house. This combination protects you from diseases and difficulties. The combined effect of both these planets would be there for 32 years. You will get help from women. First you will receive favorable or unfavorable results of Jupiter and then of Venus. In the case this combination is unfavorable, you will have an inclination towards women, and you will be a pleasure-lover. Your reproductive power would be weak. You might start receiving sorrows immediately after the birth of your child. You might get divorced after the birth of your child. You will not get favorable results of Jupiter if you marry more than once or if you have relationship with more than one woman. Your child might have to face sufferings. If you keep your habits clean and nature good, then the unfavorable effects would minimize. You should re-marry your spouse.

In your Kundali, Saturn and Ketu are situated together in the 9th house. According to Lal Kitab, this combination gives favorable results. Saturn will play the lead role. If this combination is joined to some other planet, then the effect of all the three gets diminished. Your destiny will be decided after you turn 18. You will have more reproductive power. You should keep a single coloured pet. In case you have a multi-coloured pet (spotted), then Saturn and Ketu becomes inauspicious. If you keep a horse, then there will be no bad effects.

Precations and general Rules related to your chart

- 1- Please perform only one remedy per day.
- 2 - All remedies should be performed during the day i.e. after sunrise and before sunset. Remedies performed during the night might lead to unfavorable results. Only the recommended remedies should be performed after sunset.
- 3 - It is advisable to first complete remedies that are minor and can be performed within a day.
- 4 - Remedies that span over a long duration should be performed continuously, without any interruptions.
- 5 - Women should not perform remedies that involve going to a temple during their menstrual cycle. Instead, they can ask a blood relative, like brother, sister, father, mother, grandfather, grandmother, son or daughter to perform those remedies on their behalf.
- 6 - Remedies can be started on any day of the week. There is no need to consider a particular day like Monday, Tuesday, full moon or a new moon night to start performing remedies. Remedies that will last longer should not be started on the fourth, ninth or fourteenth day after full moon. However, remedies that last only a day can be performed on these days.
- 7 - Every remedy is to be performed continuously for either 43 days or 43 weeks or 43 months. If the continuity gets broken, then even if it is the 39th day or 39th week or 39th month, the results might not be favorable or it may not be as effective as expected. However, if for some reason the remedy cannot be performed continuously then, on the day you want to stop it, you should wash some rice grains in milk and tie them in a white cloth. Then on the day you want to resume the remedy again, you should donate the rice at a religious place or throw them in flowing water or bury them in an orchard. Doing so will result in the remedy being considered as complete and you will see favorable results from it.
- 8 - If you have been asked to perform a remedy for the remainder of your life then you should perform it first. You can then consider performing other remedies along with this one.
- 9 - If a remedy requires you to bury something in the ground using a tool then you should leave the tool at the burial place. If the remedy spans several days then you should leave the tool at the burial place on the last day of performing the remedy.
- 10 - You should not consume an article on the day when you are to donate it at a religious place or to throw it in flowing water.
- 11 - Do not indulge in any sort of physical intimacy on the day you have to perform a remedy.
- 12 - While performing any remedy, you should take special care in refraining from things/acts that you have been advised against. Examples are consumption of non-vegetarian food and alcohol, not maintaining self-integrity, not becoming a false witness, not eating or offering food to anyone, not desiring things that don't belong to you, not speaking lies, not indulging in any sort of physical intimacy with anyone other than your spouse and so on.
